CAREER OBJECTIVE

Passionate Junior Developer with hands-on experience in full-stack web development. Excited to apply technical expertise and problem-solving skills to create user-friendly applications. Skilled in Node.js, .NET technologies, API development, and database management, with a focus on delivering high-quality and secure solutions.

EDUCATION

DEC – Computer Science Technology-Programming Jan 2023 - May 2025
LaSalle College Montreal, QC

- Relevant coursework: Object-Oriented Programming, Algorithms, Trends in Technology, Web/Mobile Development

Certifications/Honors:

IT Essentials Certificate – Cisco Networking Academy Jan 2022 - May 2022

TechWeek Student Project Showcase November 2024

PROFESSIONAL EXPERIENCE

Junior Back End Developer Jan 2025 – July 2025
Reelcruit Montréal, Canada

- Developed and maintained ASP.NET C# eCommerce solutions, collaborating with analysts and teams.
- Built RESTful APIs and integrated PostgreSQL for efficient data management.
- Applied DevOps with Docker, Kubernetes, and Azure DevOps in an Agile environment.

Mathematics Tutor (Secondary 4, Primary 6, and Primary 4) Jan 2023 - June 2023

- Assisted students build strong foundational skills and confidence in their abilities through interactive methods.

ACADEMIC PROJECTS

[Event Scheduler \(Node.js, Webpack, Docker, Javascript\)](#) February 2025

- Built an event scheduler with Node.js, Express, and MariaDB for event management.
- Designed a modular frontend using Webpack, SCSS, and JavaScript for interactivity.

[Property Rental Management \(C#, SQL, ASP.NET MVC\)](#) November 2024

- Developed a web-based system enabling handling of property listings, rental agreements, and maintenance management.
- Integrated responsive design with Bootstrap and streamlined database interactions using Entity Framework.
